Ocean steamships; a popular account of their construction

City of New York was a British built passenger liner of the Inman Line that was designed to be the largest and fastest liner on the Atlantic. When she entered service in August 1888, she was the first twin screw express liner and while she did not achieve the westbound Blue Riband, she ultimately held the eastbound record from August 1892 to May 1893 at a speed of 20.11 knots.
